

KPMG Switzerland and SWIPRA Services join forces to provide ESG services and solutions for Swiss clients

Zurich, 2nd June 2022 –KPMG Switzerland and SWIPRA Services are delighted to announce a partnership in the field of ESG (Environmental, Social, Governance). By joining forces and combining our longstanding, complementary expertise, we can provide clients with a comprehensive range of services to address strategic challenges, stakeholder requests, shareholder expectations, and the fast-paced regulatory developments concerning ESG. It is our overarching goal to support clients in their strategy and reporting processes and help them build a resilient, long-term business contributing to social welfare and a more sustainable environment. Our portfolio of services includes:

- **Corporate Governance:** We support companies and their boards of directors in driving the strategic integration of environmental and social factors through workshops, training, and board assessments and help enhance overall governance structures, board organizations, and non-financial processes.
- **AGM Preparations, Stakeholder Expectations & Engagements:** Boards of Directors are increasingly exposed to questions and criticism related to ESG. We support you in your communication and engagement efforts to address your key stakeholders' expectations, cope with ESG activism from proxy advisors and institutional shareholders and help you prepare your AGM.
- **Strategic ESG Integration:** Together with our clients, we define material ESG factors, derive key business processes and help with relevant strategic decisions such as capital allocation, compensation, and incentives as well as related corporate reporting and communication.
- **Risk Management & Assurance:** We help address diverse aspects related to strategic ESG factors in your risk management framework and provide respective assurance services.
